## *Tasting in the San Mattia vineyard*

Wine is not only a product of the land, it is also part of the history of those who produce it.

In the hills above Verona, discover the history and products of San Mattia.

Giovanni Ederle's winery offers tastings of Amarone della Valpolicella, Rubro del Forte, Donna Francesca, San Mattia Bianco and San Mattia Rosso (Veronese wines produced on the farm). You can also taste their typical Veronese products at Agriturismo San Mattia.

Our favorite restaurant on site with a breathtaking view of Verona  
(Service not included in rates, to be paid directly on site)

## "Corte San Mattia" restaurant

The menu is strongly linked to seasonality and is designed with little advance notice. The restaurant has chosen to offer a minimal range of dishes in order to focus even more on raw materials.

For each dish, this restaurant has then thought of a perfect match with locally produced wines. The tasting menu is one of the most popular formulas that distinguish "Corte San Mattia".
